---

WHEREAS the City of Pointe-Claire and EXO entered into an agreement for a term of one (1) year commencing January 1, 2019, and ending December 31, 2019 ("Initial Agreement"), whereby the parties defined a new division of responsibilities relating to maintenance, minor works and major works (as these three terms are defined in the Initial Agreement) of the three stations;

WHEREAS the City of Pointe-Claire and EXO have prepared a draft renewal of the Initial Agreement which was to take effect on January 1, 2020 (the "Agreement");

WHEREAS by this Agreement, the parties wished to extend the term of the Initial Agreement for a further three (3) years and five (5) months, more specifically, from January 1, 2020, to May 31, 2023, under the same terms and conditions, with the exception of certain minor elements;

WHEREAS despite the fact that there was no longer a formal agreement between the parties, they both continued, as good partners, to perform their obligations under said agreements;

WHEREAS the parties have not issued any invoices to each other, as agreed to in the Initial Agreement and the Agreement under review;

WHEREAS the parties wish to continue to collaborate and sign an agreement to update the division of responsibilities for maintenance, minor works and major works at the three stations;

WHEREAS it was in the interest of the parties that they agree to the interruption of the prescription period concerning all sums that would be due between them in relation to the agreements for the division of responsibilities for maintenance, minor work and major work on the three stations covering the period from January 1, 2019, to May 31, 2023;

WHEREAS the purpose of this interruption was to allow the parties to complete their respective billing, to provide the related supporting documents, to complete their respective verification of said documents and to put in place an agreement relating to the division of responsibilities for maintenance, minor work and major work on the three stations;

WHEREAS for the reasons set out above, the parties entered into an agreement regarding the mutual renunciation of prescription in June 2023, which suspended the prescription period until December 31, 2023. Being as the work required to accomplish the above had proven longer and more laborious than initially anticipated, this period was further extended five times, the first time for an additional period of three (3) months, the second time, for an additional period of six (6) months, the third time, for an additional period of four (4) months, the fourth time, for an additional period of seven (7) months and the fifth time, for an additional period of two (2) months and eleven (11) days;

WHEREAS the last extension of the interruption of the prescription period expires November 11, 2025;

WHEREAS the verification and validation of each party's respective billing has been completed, subject to the update of the amounts due for electricity consumption and the transfer of certain Hydro-Québec accounts, which will be carried out at the time of the entry into force of the renewal agreement to be entered into between the parties;

---

WHEREAS the parties have agreed on new terms and conditions for the replacement of the surveillance system in the stations and this must be adequately reflected in the new agreement to be entered into between the parties;

WHEREAS the actual costs of this work are not yet known since the work is not entirely completed, but is scheduled to be completed by the end of 2025;

WHEREAS these costs must be known in order to finalize the renewal agreement to be entered into between the parties;

WHEREAS for those reasons, it is in the City's interest to further extend the agreement regarding the interruption of the prescription period until March 31, 2026.

It is moved by Councillor Andrew Swidzinski,  
Seconded by Councillor Bruno Tremblay, and unanimously resolved:
